Regarding: Climate and Culture Quarter 3 Progress Update

The Purpose of this communication is to provide the Board with information regarding climate and culture metrics for Fresno Unified during quarter 3.

The metrics included in this report are:

- Semester 1 and Quarter 3 2020/21 chronic absenteeism rates, including disproportionality among student groups.
- Year to date 2019/20 and 2020/21 chronic absenteeism rates
- Semester 1 and Quarter 3 2020/21 suspension and expulsion rates, including disproportionality among student groups.
  - Please note: The size of the student group impacts the disproportionality rate. Small changes in student groups with small population sizes can result in large changes in disproportionality rates. For example, although only one homeless youth has been suspended, there is a 11.25% disproportionality rate due to the small number of homeless students enrolled in the district.
- Year to date 2019/20 and 2020/21 student misbehaviors, suspension rates, and expulsion rates.
  - Please note that students with no disproportionality calculation had no student currently suspended for Quarter 3 in the 2020/21 academic year. Also, there are currently no expulsions for Quarter 3 in the current school year, so disproportionality was unable to be calculated.

Included in this communication is an infographic with the Climate and Culture metric results in more detail. Additionally, district-level climate and culture reports that show results for student group, region, and schools are included. Please note that in alignment with CDE, any student group or grade level with a sample size less than 11 is suppressed.

If you have further questions or require additional information, please contact Lindsay Sanders at (559) 457-3471 or Ambra O'Connor at (559) 457-3341.

Student groups with no disproportionality calculation had no students currently suspended for the 2020-21 academic year. Any student group with a sample size less than 11 is not reported out on in alignment with CDE.

# Expulsions

## Expulsion Rate

19/20 to 20/21  
Comparison

20/21 S1 to Q3  
Comparison

As we currently have no expulsions for the 2020-21 academic year, we are not able to calculate any disproportionality rates.

## Misbehaviors by Level

**Level 1**  
Low level behavior, addressed by teacher.

**Level 2**  
Repeated low level behaviors, office notification.

**Level 3**  
Serious behavior requiring Office Discipline Referral.

Regarding: Fresno Unified Spring Climate/Culture Survey Results

The purpose of this communication is to provide the Board requested information on the Climate/Culture (CC) survey results administered during Spring 2020/21. Students in grades 4 to 12 participate in the annual survey. 32,991 students completed the Climate/Culture student survey, 10,436 parents completed the Climate/Culture parent survey, and 4,483 staff completed the Climate/Culture staff survey. Fifty-five percent of students feel a sense of belonging and 54% of students report feeling connection to adults on campus. Ninety-two percent of parents report a sense of belonging while 87% of staff feel a sense of belonging.

To further address the climate/culture of our district, a collaborative team of Equity and Access, African American Academic Acceleration, Student Engagement Department, Communications, Prevention and Intervention, Special Education, and English Learner Services have continued to lead the Student Voice Collaborative across various departments and student groups. This collaborative has continued to involve students' in school-related issues and concerns toward improving the climate and culture of their school. The Student Voice Collaborative aims to ensure representation from various student groups, create alignment in efforts, and ensure all student groups have a voice and an opportunity to be heard.

Before the spring survey window, Climate and Culture Specialists reached out to site administration and Climate and Culture Teams to discuss the survey components, align to site/district goals, discuss best practices for survey administration, and craft communication plans encouraging students to share their voice via the survey. Every 2-3 days throughout the survey window, Climate and Culture Managers shared student requests for support with site administrators and identified support partners to assist students promptly. Following the survey, Climate and Culture Specialists supported site administrators and Climate and Culture Teams in analyzing survey results, planning, and implementing high leverage actions, and monitoring progress.

Also included in this communication is the district-level results from our 2020/21 spring Climate/Culture student, parent, and staff survey. Please note that the infographic includes comparisons between Fresno Unified's fall student Climate/Culture survey and the spring student Climate/Culture survey. As a reminder, the fall CC survey was only administered to students and included 10 questions focused on two areas: Adult connection and School Belonging. Also included are district level reports for these survey questions by region by school for elementary and secondary.

If you have further questions or require additional information, please contact Lindsay Sanders at 457-3471 or Ambra O'Connor at 457-3341.

Please note: Results are shown for affirmative responses. Blank cells indicate instances when sites did not participate in the student survey.

1 - Student enrollment (Grades 4-12) is used as a denominator in calculating response rates. Enrollment counts are as of 10/16/2020 for Fall 2020 and 1/14/2021 for Spring 2021.

Excluded from all calculations - students who submitted an opt-out form, withdrawing them from participation.

Excluded from Region and School calculations - students who transferred to another FUSD site within the survey window.

\*The results for groups with less than 11 survey respondents should be interpreted with caution.
