Andrew Scherrer (May 12, 2022 11:30 PDT)

Regarding: Fresno Unified 2021/22 Spring Climate/Culture Survey Results

The purpose of this communication is to provide the Board information on the Climate and Culture (CC) survey results administered during spring 2021/22. Students in grades 3 to 12 participate in the annual survey. Our participation rates increased from fall administration with 39,756 (78.2%) of students, 7,335 (10.2%) of families, and 5,318 (72.4%) of staff completed a spring Climate and Culture survey. During fall administration, 37,138 (72.4%) students, 6,295 (8.8%) families, and 3,472 (47.1%) staff completed a fall Climate and Culture survey.

This Spring, the Department of Prevention and Intervention (DPI) tasked its Climate and Culture Specialists (CCSs) to work strategically with site administration and Climate and Culture Teams (CCT) to support sites as they administered the Climate and Culture survey, reviewed their results, and utilized data to make progress on their campuses. After both the fall and spring survey windows, DPI offered site-based Climate and Culture Teams (CCT) optional planning time, where sites could meet to analyze survey results, set goals, and identify high leverage actions to improve outcomes. Between survey windows, Climate and Culture Specialists supported sites in survey action implementation through coaching and progress monitoring. Before the spring survey window, CCSs from DPI reached out to site administrators and CCT to discuss the spring survey components, highlight alignment between the survey and site/district goals, and share best practices for survey administration. Following the spring survey, CCSs supported sites in analyzing survey results, celebrating growth, planning next steps with high leverage actions, and monitoring progress to improve outcomes for the fall 2022 survey.

Also included in this communication is the district-level results from our 2021/22 spring Climate and Culture student, parent, and staff survey as well as the Climate and Culture survey questions. Please note that domain comparisons across student, staff, and family surveys are not recommended as question items varied (staff and family received a shorter survey with fewer questions).

If you have further questions or require additional information, please contact Lindsay Sanders at 457-3471 or Rita Baharian at 457-6066.

Approved by Superintendent

Robert G. Nelson Ed.D.

Date: 05/13/22

Climate and Culture Survey Results

Spring 2021-22

Students Participated

Academic & Social Emotional Learning

Focus Questions

Percentage of participants who believe "Students are challenged to learn new things at their school"

Percentage of participants who believe "Students feel like their school teaches them how to manage their emotions"

School Environment

Focus Questions

Percentage of participants who believe "Adults at this school treat all students fairly"

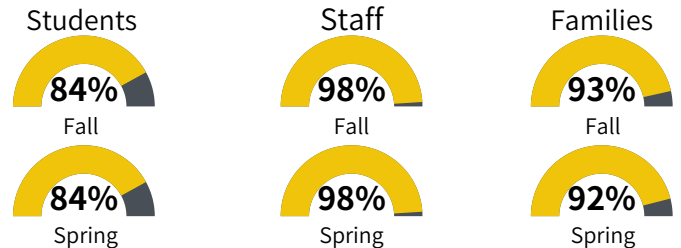

Student Engagement

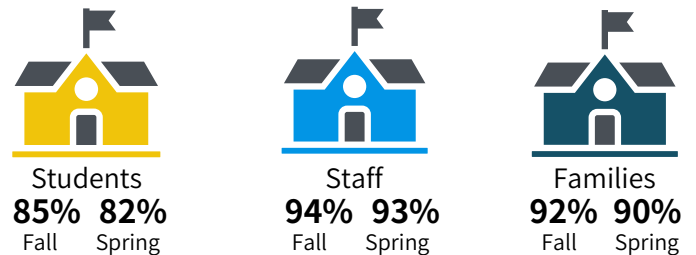

Focus Questions

Percentage of participants who believe "Adults at this school care about students"

Percentage of participants who believe "Students feel like they belong at this school"

Percentage of Students who "experienced Bullying at least once in the past 30 days"

Student-Centered and Real-World Experiences

Focus Questions

66%

Students feel their school teaches lessons in ways that connect to students' lives (-2% from Fall)

89%

Students know how to change and improve based on feedback (+0% from Fall)

Percentage of participants who believe "Students know how to overcome even when things are hard"

Family Engagement

Focus Questions

3 in 5 students (60%) believe their family feels like they are a part of this school (-3% from Fall)

4 in 5 staff (85%) believe their families feel like they are a part of this school (-2% from Fall)

4 in 5 families (80%) feel like they are a part of this school (+0% from Fall)

Organizational Environment

Focus Questions

Student Wellness

Focus Question

If **Students** feel sad, worried, stressed, anxious, or depressed, there is an adult at their school that they can talk to.

Students
75% **73%**
Fall Spring

Staff
98% **97%**
Fall Spring

Families
84% **84%**
Fall Spring

79%

Families feel like they are partners in decision-making (+0% from Fall)

83%

Staff believe families feel like they are partners in decision-making (-1% from Fall)

Please note: Results are shown for affirmative responses. Neutral responses are excluded from these calculations. Blank cells indicate instances when there were no responses for the specified student group(s).

1 – The denominator in calculating response rates is student enrollment (Grades 3-12) as of the date of survey generation. Enrollment counts are as of 9/7/2021 for Fall 2021 and 2/7/2022 for Spring 2022.

Excluded from all calculations - students who submitted an opt-out form, withdrawing them from participation.

Demographic breakdowns for the student groups shown above were pulled as of the last date of the survey window (10/18/2021 for Fall and 3/25/2022 For Spring).

*The results for groups with less than 11 survey respondents should be interpreted with caution.

The information shown here may vary from Panorama's reports, due to the use of different parameters. For more details, please click [here](#).

Please note: Results are shown for affirmative responses. Neutral responses are excluded from these calculations. Blank cells indicate instances when sites did not participate in the student survey. Addicott School and Rata School opted out of student survey administration.

1 – The denominator in calculating response rates is student enrollment (Grades 3-12) as of the date of survey generation. Enrollment counts are as of 9/7/2021 for Fall 2021 and 2/7/2022 for Spring 2022.

Excluded from all calculations - students who submitted an opt-out form, withdrawing them from participation.

*The results for groups with less than 11 survey respondents should be interpreted with caution. The information shown here may vary from Panorama's reports, due to the use of different parameters. For more details, please click [here](#).

Please note: Results are shown for affirmative responses. Neutral responses are excluded from these calculations. Blank cells indicate instances when sites did not participate in the student survey. Addicott School and Rata School opted out of student survey administration.

1 – The denominator in calculating response rates is student enrollment (Grades 3-12) as of the date of survey generation. Enrollment counts are as of 9/7/2021 for Fall 2021 and 2/7/2022 for Spring 2022.

Excluded from all calculations - students who submitted an opt-out form, withdrawing them from participation.

*The results for groups with less than 11 survey respondents should be interpreted with caution. The information shown here may vary from Panorama's reports, due to the use of different parameters. For more details, please click [here](#).

Please note: Results are shown for affirmative responses. Neutral responses are excluded from these calculations. Blank cells indicate instances when there were no responses for the specified respondents.

1 – The denominator in calculating response rates is student enrollment (Grades PS-12) as of the date of survey generation. Enrollment counts are as of 10/18/2021 for Fall 2021 and 3/25/2022 for Spring 2022.

2 – Calculations for response rates are not possible for this section since families' ethnicities are not consistently identified and surveys are completed anonymously. For this reason, respondent counts are provided instead.

Demographic breakdowns for the respondent groups shown above were compiled from participants' answers to background items within the Climate and Culture Family survey.

*The results for groups with less than 11 survey respondents should be interpreted with caution.

The information shown here may vary from Panorama's reports, due to the use of different parameters. For more details, please click [here](#).

Please note: Results are shown for affirmative responses. Blank cells indicate instances when sites did not participate in the family survey.

1 – The denominator in calculating response rates is student enrollment (Grades PS-12) as of the last date of the survey window. Enrollment counts are as of 10/18/2021 for Fall 2021 and 3/25/2022 for Spring 2022.

*The results for groups with less than 11 survey respondents should be interpreted with caution.

The information shown here may vary from Panorama's reports, due to the use of different parameters. For more details, please click [here](#).

Please note: Results are shown for affirmative responses. Blank cells indicate instances when sites did not participate in the family survey.

1 – The denominator in calculating response rates is student enrollment (Grades PS-12) as of the last date of the survey window. Enrollment counts are as of 10/18/2021 for Fall 2021 and 3/25/2022 for Spring 2022.

*The results for groups with less than 11 survey respondents should be interpreted with caution.

The information shown here may vary from Panorama's reports, due to the use of different parameters. For more details, please click [here](#).

Please Note: Results are shown for affirmative responses. Neutral responses are excluded from these calculations.
 1 – Calculations for response rates are not possible during this survey administration due to low participation and inconsistent department assignments. For this reason, respondent counts are shown instead.
 Position classifications for the respondent groups shown above were compiled from participants’ answers to background items within the Climate and Culture Staff survey (i.e. What is your role at your school [or in this department?]). Please note that the categories shown serve to summarize results, and are not direct options provided in the survey.* Respondents did not indicate their position.
 ** Respondents did not indicate their position or their location of employment.

The information shown here may vary from Panorama's reports, due to the use of different parameters. For more details, please click [here](#).

Please note: Results are shown for affirmative responses. Neutral responses are excluded from these calculations. Blank cells indicate instances when sites did not participate in the staff survey.

1 – The denominator in calculating response rates is active employee assignments for each department as of the last date of the survey window. Subs and other staff not assigned to each dept may still participate in these surveys, which may account for response rates greater than 100%. Staff counts are as of 10/18/2021 for Fall 2021 and 3/25/2022 for Spring 2022.

*The results for groups with less than 11 survey respondents should be interpreted with caution.

The information shown here may vary from Panorama's reports, due to the use of different parameters. For more details, please click [here](#).

Please note: Results are shown for affirmative responses. Neutral responses are excluded from these calculations. Blank cells indicate instances when sites did not participate in the staff survey.

1 – The denominator in calculating response rates is active employee assignments for each department as of the last date of the survey window. Subs and other staff not assigned to each dept may still participate in these surveys, which may account for response rates greater than 100%. Staff counts are as of 10/18/2021 for Fall 2021 and 3/25/2022 for Spring 2022.

*The results for groups with less than 11 survey respondents should be interpreted with caution.

The information shown here may vary from Panorama's reports, due to the use of different parameters. For more details, please click [here](#).
